The Recruitment Committee,

The Precious Minerals Trade Sector

Accra, Ghana

Dear Members of the Recruitment Committee,

I am writing to express my keen interest in the position of **Principal Officer – Information Technology** within your esteemed institution. With a strong foundation in software engineering and a deep appreciation for the pivotal role of technology in advancing national economic priorities, I am excited about the opportunity to contribute to Ghana's precious mineral trade sector.

As a dynamic and purpose-driven IT professional with proven experience in software development, system management, and digital transformation, I bring a results-oriented mindset to every project. I am particularly drawn to your institution's commitment to excellence, innovation, and inclusive growth—principles that resonate strongly with my own career values. My background in designing and implementing secure, efficient, and scalable systems can support your regulatory, trading, and export operations, while promoting transparency and efficiency.

Moreover, I have led cross-functional teams to develop custom solutions that streamline business processes, improve data integrity, and enhance decision-making. I am confident that my technical leadership, strategic thinking, and collaborative approach position me to drive the innovation needed to support your gold reserve accumulation, value addition, and foreign exchange generation efforts.

I welcome the opportunity to bring my expertise to your forward-looking team and help shape the future of Ghana's mineral sector through technology. Thank you for considering my application. I look forward to the possibility of contributing to your national mission.

Yours sincerely,

Ludwig Sackey Narh
