**Important information: Site Change Notification Dibasic Calcium Phosphate Dihydrate
EMCOMPRESS® PREMIUM**

Dear valued customer

We are pleased to inform you that JRS Pharma entered into a strategic partnership with Sudeep Pharma Limited (Vadodara, India) for contract manufacturing of various grades of Dibasic Calcium Phosphate, Dihydrate and the Anhydrous as well as Tri-Calcium Phosphate.

In times where low cost manufacturing and supply security have become a crucial factor for sustainable success in the market, we felt compelled interchanging the current contract manufacturer for ECOMPRESS® PREMIUM by end of 2015.

Sudeep Pharma Limited works under current cGMP conditions. The specification complies fully with Ph. Eur., USP and the European Food Additive law.

An equivalency study as well as full excipient information package with specification, CoA, safety data sheet and other regulatory documents is enclosed to make the transition as smooth as possible.

QbD data is available upon request.

As known from other well-known excipients from JRS Pharma, JRS Pharma supervises the quality of the product and packaging.

Samples of 3 different batches for qualification are available on request. We therefore ask you to qualify ECOMPRESS® Premium from the new site at your earliest convenience.

All grades are available on Euro pallets and 1 x 1,2 m pallets, and are hold on stock at our central logistic warehouse Microcellulose Weissenborn, Germany. This will allow you to easily combine your shipments with orders for VIVAPUR®, Microcrystalline Cellulose, or VIVASTAR®, Sodium Starch Glycolate, VIVASOL®, Croscarmellose, and other JRS products.

Appointing Sudeep Pharma as an additional contract manufacturer for the EMCOMPRESS® range of products besides our well known US based contract manufacturer is another measure to honor customers' expectations in quality, service and cost efficiency. Audits at the Sudeep site are possible without audit fees.

Please do not hesitate to contact us in case you may have further questions. Your JRS sales representative will call you during the next week in order to discuss a smooth transition plan in detail. In addition there is an opportunity for a personal discussion at our booth at CPhI Madrid (hall 7, booth no. C70).

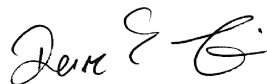

We look forward to seeing you soon and thank you for your trust and confidence in JRS!

Best regards

JRS Pharma GmbH & Co. KG
